DATE	?

INTRODUCTION.

By the Lunacy Act of 1890 (53 Vict. c. 5) a private patient cannot, as a general rule, be received (except by transfer) into an institution for lunatics without a "reception order" made by a judge of county courts or magistrate, or by a justice of the peace, specially appointed, having jurisdiction in the place *where the lunatic is*.

The exceptions to this law are : (1) A case of urgency, when a patient may be received on an "urgency order"; (2) the case of a lunatic so found by inquisition, the necessary forms for which processes will be mentioned further on.

In consequence of this law having come into operation on the 1st of May, 1890, it has occurred to the writer that a list of justices appointed to sign orders for the admission of patients, not being paupers, for every town, county, and liberty in England and Wales, would form a manual of reference for medical men, members of the legal profession, and the public, which might be useful to assist them to obtain the power to prevent a lunatic injuring himself or others in cases of necessity.

With this object, the writer has placed himself in communication with all the Clerks of the Peace in England and Wales who possessed the lists of Justices so appointed. In the large majority of cases the fullest information has been courteously granted ; in a few exceptional instances letters have been received stating that no justices have as yet been selected ; and in a very small number of cases no answer was returned to the application. In some places *all* the justices are empowered to act.

The mode of using the book requires but little explanation. Sup-

posing a person whose position entitles him to be described as "non-pauper" becomes a lunatic, his medical attendant, his solicitor, or a relation has merely to refer to the town or county in which the patient may be, such towns and counties being placed in this book in alphabetical order, and he will at once find the name or names of the justice or justices who can assist him.

It is to be regretted that in many of the lists returned the addresses of the justices were not given with the names; these could, however, be easily obtained either from a local directory or from neighbours of the justices appointed, all being well-known men in their county.

The steps necessary to be taken for the incarceration of a private patient are fully described in the new Act. But it may not be out of place here to enumerate the forms which are required to be filled up for an ordinary admission, an urgency admission, and an admission of a lunatic so found by inquisition.

FORMS.*

I.—Ordinary Admission.

- 1.—Petition, Form I., on the back of which is, Statement of Particulars, Form II.
- 2.—Certificate (1st) of Medical Practitioner, Form VIII.
- 3.—Certificate (2nd) of Medical Practitioner, Form VIII.
- 4.—Order for Reception by Justice, Form III.

II.—Urgency Admission.

- 1.—Urgency Order, Form IV.; on its back, Statement of Particulars, Form II. And also on its back, Certificate of the one Medical Practitioner, Form VIII.

* These Forms can be obtained from Messrs. Shaw & Sons, Fetter Lane, London, E.C.; and from Messrs. Knight & Co., 90, Fleet Street, London, E.C.; or from the Institution to which the patient would be sent.

III.—*Admission of a Lunatic so found by Inquisition.*

1.—The order of the Committee of the Person.

2.—An office copy of the order appointing such Committee; or, if no Committee has been appointed, upon (1) The order of the Master in Lunacy.

It is hoped that these brief directions and the list of Justices appended may be of service to the profession and the public in dealing with the unfortunate insane. In conclusion, a word of thanks must be recorded to those Clerks of the Peace who have so ably and courteously assisted the writer in the compilation of this condensed work of reference.
